

TARKSHYA SEETHA

B.Tech. - Civil Engineering

+91-7027900607 @astroseetha@gmail.com Sonipat, Haryana, India

PROFESSIONAL SUMMARY

I am a detail-oriented and motivated Civil Engineer with a B.Tech from J.C. Bose University of Science & Technology, YMCA, Faridabad. I am passionate about infrastructure development, structural analysis, and project execution, with hands-on expertise in AutoCAD, 3D Modelling, ABAQUS, and STAAD. I seek a challenging role to contribute my technical knowledge and practical experience towards groundbreaking infrastructure solutions

EXPERIENCE

Head of Projects 12/2025 - Present
EVA Ad Ventures Pvt. Ltd. Jaipur

- A company focused on innovative project solutions
- Leading post-sales project execution across India, coordinating with clients, stakeholders, service partners, and internal teams.
 - Managing site installations to ensure smooth and hassle-free delivery using customer- focused communication
 - Operating from the Jaipur office with hybrid working flexibility and direct involvement in stakeholder engagement

Head of Projects 02/2023 - 10/2025
RAJESH KUMAR BATRA CONTRACTOR Faridabad

- Construction of Library, MBA, and Mass Communication Building at YMCA UST, Faridabad: Project Value: ₹12.7 Crores.
- Construction of Convention Center Building at Board of School Education, Bhiwani: Project Value: ₹56.7 Crores.
- Led site operations and ensured smooth execution of construction projects
- Conducted structural inspections, quality control, and material assessment
- Managed cost estimation, BOQ preparation, and resource optimization
- Coordinated with contractors and stakeholders for efficient workflow
- Ensured compliance with engineering standards and safety regulations

Associate Graduate Engineer Trainee 02/2023 - 07/2023
RAJESH KUMAR BATRA CONTRACTOR Faridabad

- A construction company specializing in various engineering projects
- Assisted in project planning, scheduling, and cost management
 - Gained experience in site supervision and construction documentation

EDUCATION

B.Tech. in Civil Engineering 08/2019 - 08/2023
J.C. Bose University of Science & Technology, YMCA { CGPA: 7.90} Faridabad

12th Grade 04/2017 - 05/2018
CBSE Sonipat

10th Grade 04/2015 - 05/2016
University Campus School Khanpur Kalan, Sonipat

CERTIFICATIONS

- BIM Professional Course – Novatr (2025)
- Ethical Hacking – Internshala (2021)
- GIS & Surveying – J.C. Bose University (2020)

LANGUAGES

English Native ●●●●● Hindi Native ●●●●●

Sanskrit Advanced ●●●●●

KEY ACHIEVEMENTS

- Evaluation of Flexible Pavement Project
Achieved a significant increase in pavement durability through innovative modeling techniques

SKILLS

3D Modeling •Abaqus •AutoCAD
•Finite Element Analysis
•Microsoft Office •Microsoft Project
•Navisworks •GIS •Revit •STAAD.Pro
•BIM Professional Course
•Ethical Hacking •GIS & Surveying
•BOQ, Costing & Estimation
•Project Management

PROJECTS

- Evaluation of Flexible Pavement 09/2022 - 12/2022
A project focused on analyzing the effects of pavement thickness on durability
 - Developed a 3D finite element model using ABAQUS to analyze pavement thickness effects on rutting
 - Findings showed a 971.42% increase in durability when increasing thickness to 50mm

Smart Highways

- 09/2021 - 01/2022
- A project aimed at proposing sustainable infrastructure solutions
- Proposed technology-integrated highways using solar energy and interactive sensors for sustainable infrastructure

Study on Zero Energy Building

- 12/2020 - 02/2021
- A study focused on energy efficiency in buildings
- Analyzed energy-efficient buildings and their impact on sustainability

Highway Construction in Flood Prone Areas

- 10/2020 - 12/2020
- A project researching the construction of highways in flood prone areas
- Researched flood-resistant road structures using culverts and bridges

INTERESTS

- Badminton Player
Active participant in college badminton tournaments
- Music Enthusiast
Passion for singing and listening to music
